

## ActiveCampaign

For authentication and configuration ODS requires ActiveCampaign to provide the following:

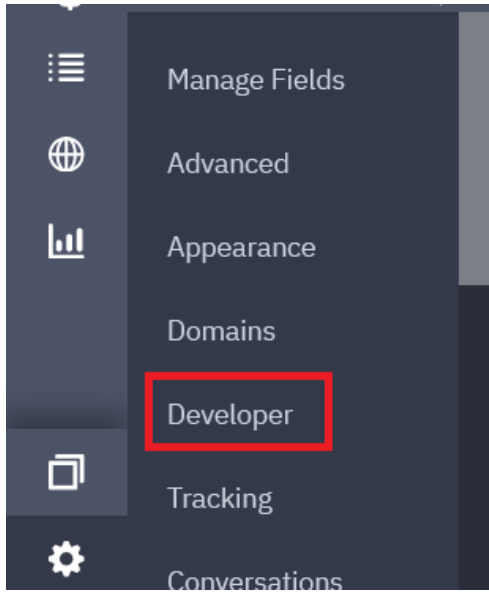

- API Key
- API URL

To obtain these, follow the instructions below:

1. Click on Settings in the bottom right corner

2. Click on Developer
-

3. Copy the API Url and API key

API Access

URL

[Copy API Url](#)

Key

[Reset API Key](#) [Copy API Key](#)

4. Select yourself and click generate

### Generate new API key ✕

Select a User:

il lm (il) ▼

CLOSE

GENERATE

5. Copy the API Token and store it safely for future use in ODS

### Your access token ✕

**⚠** Please find your access token below, this is the only time we will show it to you so don't lose it.
